

Mi Universidad

Mapa conceptual

Sonia Araceli Huacash Méndez

Nombre del tema: Etapas de maduración de elementos formes de la sangre, sistema hematopoyético

Parcial I

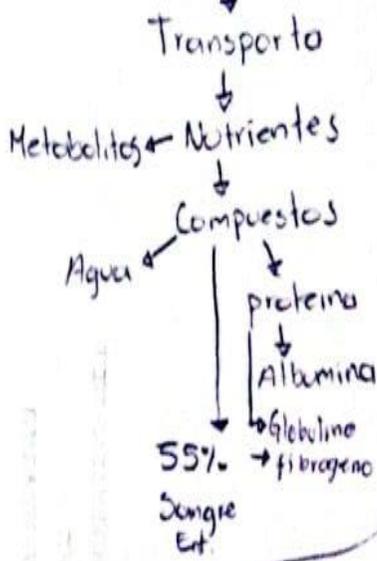

Nombre de la Materia: Fisiopatología III

Nombre del profesor: Dra. Morales Moreno Karen Alejandra

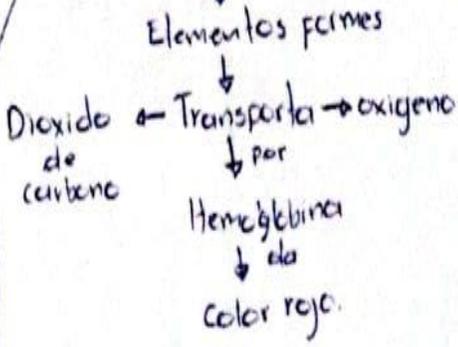

Nombre de la Licenciatura: Medicina Humana

→ Elementos formes y Sistema Hematopoyetico

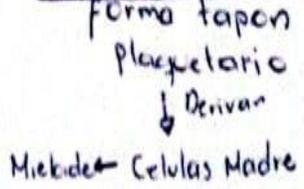

Plasma

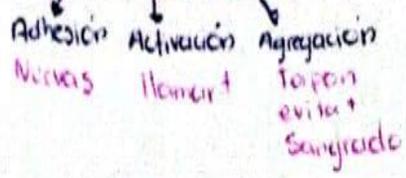

Eritrocitos

Trombocito

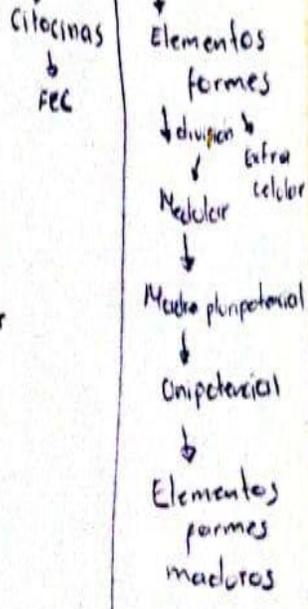

Tapan Plaqueletario

Pruebas diagnosticas

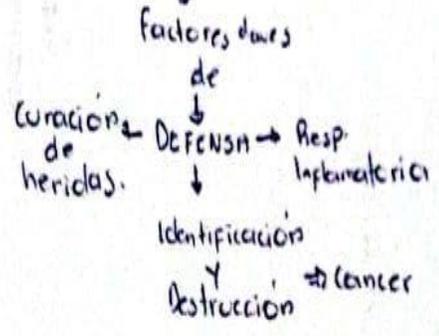

Hematopoyesis.

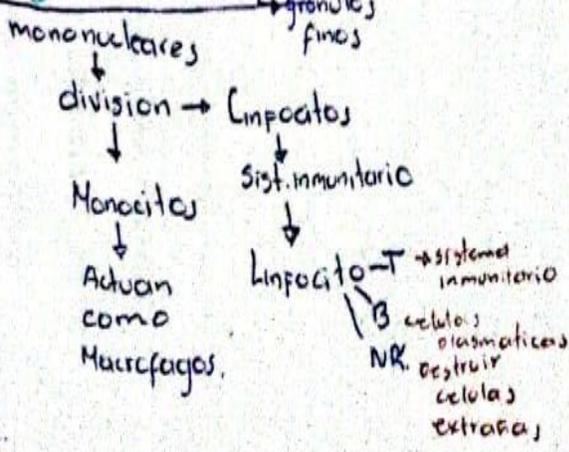

Leucocitos.

(globulos blancos)

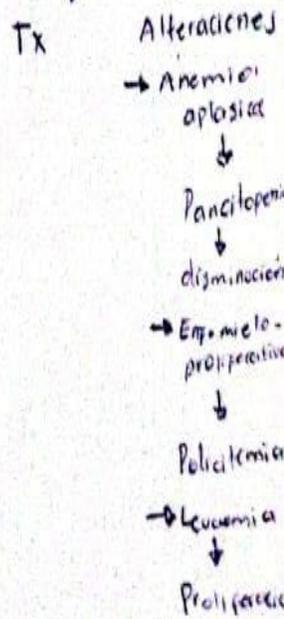

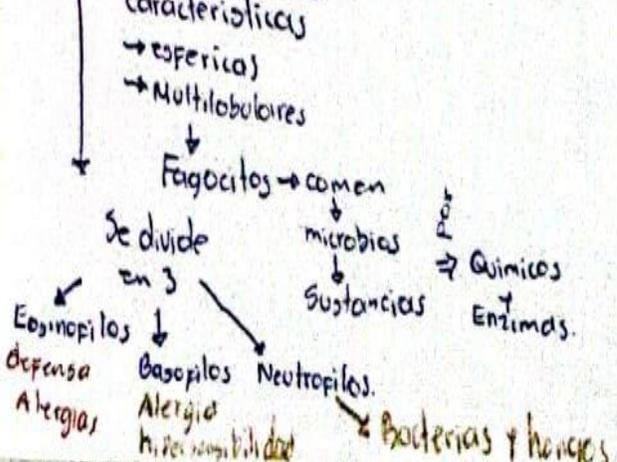

Clasificacion

Agranulocitos.

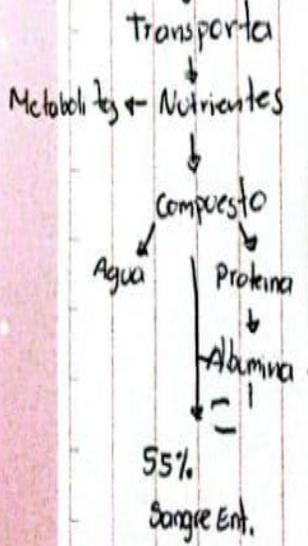

Granulocitos

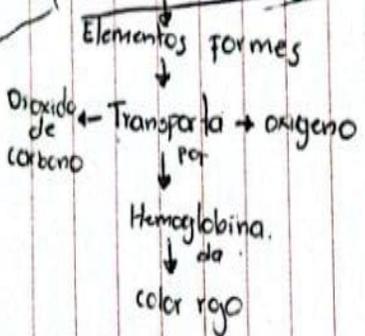

Elementos formes y Sistema Hematopoyetico
