QUARTER: ONE

The municipality where I lived is called Nuevo Yucatan, municipality of Bella Vista, Chiapas.

Where I have seen there are animals like dogs, chickens, horses, turkeys, cats, ducks, birds, squirrels, snakes, worms, donkeys, vultures, hawks, and sometimes deer, rabbits, wildcats, bushes, In my community there are also plants such as chalun trees, avocado trees, guayada trees, walnut trees, loquat trees, ance trees, there are also chayote, orange trees, lemon trees, flax trees, there are also mopales, My community is a small community of around 85 inhabitants, the entire community, the streets are paved, almost all things are made of blocks and studs.
