Motozintla de Mendoza Chiapas, Ladera de Ardilla; It is a city located in the Sierra Madre de Chiapas, with a predominant flora of oak-pine forest, mother jungle, fern, tree, poor man's layer, cedar, oak, sweetgum, cypress, pine, romerillo, sabino, chamomile and oak as well as the fauna that there are different types of animals such as greenish snake, cold nacayuca, parrot, mountain flower sucker, goldfinch, cacomiztle, wild boar, bat, kid deer, puma, ocotera snake, swallow hawk, ocotero woodpecker, squirrel the traditions of my town consist of festivals and dance that are celebrated in San Francisco and the music they use is the Chiapas marimba as well as the Chavaricos who go out to the streets to dance with their costumes and whips.

The tourist places that we can visit in Motozintla are: The tourist viewpoint located on the city's bypass, The public washhouse (this wash house is unique in North América) here where people and mariachis come to talk. Handicrafts in the municipality are they

make with different types of things such as palm, pottery, pottery, tinsmithing, wool and wood and bamboo products.

The gastronomy of Motozintla here is customary to eat beans with chipilín, pumpkin candy on the Day of the Dead, drink atoles either corn or corn, the chilacayote that is most commonly eaten around Christmas and the puzunque that is eaten only in the town's patron saint festival.
