MY NAME IS: BRENDA

I live in Motozintla, Chiapas in the south of Mexico.

Motozintla is a small town, surrounded by hills, the climate is temperate.

Motozintla is a beautiful, small and quiet city.

There are three parks, there is also a playground where we can go with our children.

In Motozintla there is no cinema, nor are there shopping plazas, but we can have fun going for a walk to see the sunset, we can also go to the local cafes in our small town. There is also a place that we all call "Mirador" from which we can observe the entire city.

In Motozintla there are also two beautiful places where two small waterfalls of clean water form. everything always looks green there, the water is very cold but very delicious.

In Motozintla there is also a small hill where many families come for a picnic.
