Billy (saw)

Hello my name is Billy, I am a ventriloquist doll with animatronic modifications. I am one meter tall, I have a white clay face with red lines, a white shirt and I have a red tricycle.

My main objective is to deliver the messages recorded on Jigsaw cassette to my victims. I am used by the main character of the story, John Kramer; the Jigsaw Killer, to communicate with victims. My name is recognized by writers, documentary crews and interviews. My name was given to me by my creator, James Wan.
