Personal description (Halloween - Día de muertos).

Hello, good morning, today I come representing Freddy Krueger. I am a serial killer who was created by Wes Craven. I was created in 1940 and finally died in the 20th century. I have an American nationality. I am also known by the name of the son of the hundred maniacs or the slasher. From Springwood, I mainly have a burned face and my clothing consists of a red and black sweater that is all dirty on my head. I wear a brown hat.

The most characteristic thing I have is a brown glove with metal claws that I only carry on my hand. Right that I created myself they were inspired by me thanks to a news article from the Los Angeles time newspaper my main function is to kill people in their dreams and finally also kill them in real life I am used in these times mainly to be scary anymore that I am a representative figure which has been used for a long time.
