Hello

My name is Griselda Guzmán Sánchez

I am from Col. El Arenal Mpio. From Ixtacomitán, Chis.

I am 36 years old.

I am the mother of two daughters, the oldest is called Geydi Díaz Guzmán and the youngest is called Bethel Gisell Moreno Guzmán, I am originally from Chiapas, I am the daughter of Mr. Victoriano Guzmán Trejo and Mrs. Reynelda del Carmen Sánchez Diaz, I am the daughter number 5 of 9 siblings.

I began my preschool studies at the Emily Bronte Kindergarten and in the same way I studied my Primary at the Escuela México in the town of El Arenal, later I completed the secondary level at Querido A. Moheno in Ixtacomitán, which I traveled every day. At the end I studied at COBACH Campus 56 in Ixtacomitán, since due to personal problems I completed my Preparatory and Technical level at the Amado Nervo Technological Institute located in the municipality of Tapilula, Chis.

In order to carry out my studies I was working in various places, one of which was in a well-known restaurant in Ixtacomitan, where my occupation was the preparation of smoked meats that are very traditional and well-known in the municipality.

Later I was working in a well-known boutique in Comalcalco, Tabasco, and I was on the lookout as a manager, which was a very nice experience because I met many ladies and gentlemen who like to dress well.

My job was from Monday to Saturday since on Sundays I did my studies, and in between times I also helped my sister take care of my niece because she was studying her degree at the UJAT in Comalcalco.

Within my family I have my brothers and sisters who dedicate themselves to different activities, for example my older brother named Jop is dedicated to masonry and carpentry, he who married has 2 sons who live in the town of the other band of Ixtacomitán, because of the work she does, she has been recommended by many people, my second sister is called Trinidad, she lives in a ranch called El Sacrifice and she has 4 children, she works with her husband in the fields and raising

chickens, my third brother's name is Miguel whose occupation is carpentry and as an electrician, he has 4 children and lives there in the El Arenal neighborhood, my fourth sister's name is Lorena, she works at home and has 2 children Likewise, the fifth daughter is me, Griselda Guzmán. During my childhood and youth, I helped my parents with the work in the fields and at home, which we got up early to prepare breakfast, as well as the preparation of handmade tortillas, we helped also in the planting and harvesting of corn.

, my sixth sister is called Sofia, she works as a nurse at the Juan Graham hospital in Villahermosa, Tabasco and she only has one daughter and she lives in Teapa, my seventh sister is called Jaqueline and she is dedicated to housework and has 3 children, she lives In the El Arenal neighborhood, my eighth brother is called Simeón, he is dedicated to carpentry. He is currently living in Playas de Carmen as a bricklayer. He has two children, and my ninth sister is called Bitia. She currently just got married and is dedicated to household chores.

During my youth in high school I met my eldest daughter's father, where I went to live in Jana 1ra. From Ixtacomitán, but due to personal reasons we separated and that is where I had to start working, as well as my decision to complete my studies by improving myself to give a better sociable life to my daughter and it is where I entered the CONAFE educational system for the first time. which I spent 1 year to support my studies.

At the end of my high school studies I met the father of my second daughter, where we have been for several years to date, during this stage we fulfilled several dreams such as the acquisition of a small piece of land and the construction of a modest house for our daughters, we undertook a small business which helped us a lot financially in several aspects.

I really like to play basketball, my favorite food is fish in broth or fried, I love animated series or cartoons, I don't have a specific taste for music, but I like to listen to bachatas or romantic songs, or I listen to the ones I like without Regardless of the

genre, my favorite books are story books, I don't have pets, but I like dogs and chickens.

I had always dreamed of working in a hospital, but I had not been able to due to life reasons, I could not finish my studies and finish a degree, now the opportunity presented itself and here I am at the beginning of a dream that fulfilling this is part of my life. .

Thank you blessings to all.
