# HELLO, NICE TO MEET YOU, I'M ALONDRAHELLO, NICE TO MEET YOU, I'M ALONDRA

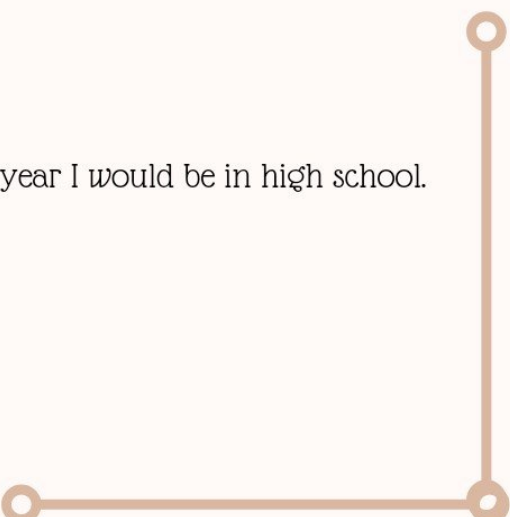

I was born on September 27, 2005.

My name is Alondra Janeth Pérez Gutiérrez and I am Mexican. And I'm from Pichucalco Chiapas. I studied my preschool in Josefina Ramos Ríos, I lived for a while at my grandparents' house, until primary school when I was in third grade we went to live with my mother alone. I studied my primary school in February 24 where I was there for 6 years. I lived alone with my mother until in third grade she met her partner, my mother's name is Sadi Janneth Gutiérrez Gutierrez and my father's name is Noe Pérez Sánchez. and currently my father who has been with us since 2013 is Roberto Ramos Campos

In 2013 my mother gave me an albino chihuahua and her name was babe, I played with her after returning from school, currently my pet is 10 years old and is still alive, she adores me and I also adore her very much, that same year in 2013 my first trip with my parents was to the chiflon waterfalls in tuxtla, it was a great trip, in 2014 my mom put me in the church choir every sunday and that same year i met taylor swift with the song shake it off that year I met his famous album 1989, my favorite songs at that time were blank space, and before I met Taylor Swift's song, I met One Direction with the best song ever, I was a fan of Ariana Grande and 1D.

Really my favorite pet are cats, in 2016 we traveled to Cancun we stayed in a hotel called Bahia Principe, that same year my mother was pregnant with my sister Ximena and that same year they celebrated my birthday

From that moment in 2016 my life changed, I knew that in one more year I would be in high school.

# HELLO, NICE TO MEET YOU, I'M ALONDRAHELLO, NICE TO MEET YOU, I'M ALONDRA

In 2017 I entered Pichucalco High School, that same year I listened to Taylor Swift's Reputation, my favorite song of the moment was End Game with Ed Sheeran, that same year I became a big Ed Sheeran listener, in 2018 I continued listening to Taylor Swift until it was over the reputation era in 2019 with my favorite album lover, my favorite song being cruel summer at that time I was still in high school and a year before in 2018 I created my instagram

In 2020 the pandemic came and I did not have a graduation, that same year in September I turned 15 years old and in that same year I entered high school on September 14, 2021 I had online classes, celebrating my birthday at home, in 2021 I will turn 16 years old, in 2022 I spent Christmas at Dad's house and had delicious baked potatoes. That same year I was still a fan of Taylor Swift and her albums. That same year I had already planned my career, which I was going to study in the future.

I knew that the area was related to health. I like nursing. And from a very young age my vocation was nursing or medicine but I went for nursing because it has more contact with patients.

Currently in 2023 I am days away from turning 18, I met my boyfriend in 2022, in December being my lover, his name is Manuel Alejandro but I like to call him honey, he really knows my tastes in Taylor Swift and his army is a fan of BTS I love myself just like I love my family, and just like I love my personal love life, greetings I look forward to 1989 TV

My special days are the seventeenth of each month
