Cuatrimestre 1

My name is Liz, I was born in Pichucalco, Chiapas, I have 2 brothers, mom and dad, and I studied in Maria Montessori kindergarten. I grew up with my cousins, I played a lot with them, and I studied primary school at Joaquín Miguel Gutiérrez. I met many children who were important in My life spent 6 years with them and it was difficult to separate us although it is part of the federal high school wing and I also met some friends but it was not what I wanted. One year after high school I met people that I love with all my heart and in 2nd grade I changed schools at the Edmundo Villalba Rodriguez campus in Playa del Carme and I met 6 people that I really loved, they were beautiful people, but a month later I returned and I didn't want to anymore, I finished high school at the federal school and then the pandemic started and I didn't I got to know the people from high school very well until I was a year and 8 months old, but my three friends left and it wasn't the same anymore, and in year 2, Riky came in and became an important person, a great friend, and in the last few months I met three wonderful people, although today they no longer speak to me, I still love them very much and 2 months ago I met Nicol and from that day on we did not separate at all and we even studied together and I went to your university with her and I also met Vane in The uni is a very pretty girl and the end
