Nombre del profesor: Teresita De Jesús Trejo Pérez

Nombre de la Licenciatura: Lic. Enfermería

Cuatrimestre: 4to

APPEARENCE AND HEALTH

The patient was admitted with diarrhea. It is a common problem. It may occur alone or be associated with other symptoms, such as nausea, vomiting, abdominal pain or weight loss.

The patient's name is Aurora Sandoval Marquez, she is 18 years old, she is Mexican and resides in the state of Chiapas. She has a height of 1.46 and weighs 50 kilos. She arrived with a temperature of 38.5° and hers with a blood pressure of 135/80 mmHg. Her skin tone is light, she is of medium height and slim. Her eyes are blue, her hair is long and black. She is not in a good mood. Fortunately, diarrhea resolves quickly and usually lasts a few days at most. The patient will have a good recovery and will be better.
