ELBOW

ONE of my wishes is that those dark crees, so old and firm they scarcely show the breeze, were not, as I were, the mere mask of gloom, but stretched away unto the edge of doom.

I should not be withheld but that some day into their vastness I should steal away Fearless of ever finding open land, Or highway where the slow wheel pours the sand.

I do not see why I should e'er turn back, Or those should not set forth upon my track To overtake me, who should miss me here, And long to know if still I held them dear.

They would not find me changed from him they knew Only more sure of all I thought was true.

viver^(v.i.)
é estar com quem a gente gosta, é trocar mensagens, é viajar por entre cidades e abençoar, é um festival de música, é a ação de fazer valer cada segundo, é a gente aprendendo a existir do jeito certo, é sentir passados, aproveitar presentes e inspirar futuros, é não sentir em vão.
