My family is made up of four people, my parents, my younger sister, and I, who live in Margaritas, while my parents work in the mornings in their business, my sister and I go to study, leaving school we go to work with my parents, in the afternoons my parents rest and we work. My father is dedicated to making cakes and my mother helps him. We have a dog called Kiara who is very imperative. In my free time I like to listen to music or play basketball or just rest and study and work the next day.
