Hi everyone, welcome to my blog, this is my first post so I'm gonna introduce myself a little bit.

My name is Azul, I'm nineteen years old, I'm from San Cristobal de las Casas, Chiapas, I have a dog its name is florencio.

Currently I live in Comitán because I'm studying the veterinary career but on weekends I like to visit my parents and my dogs so I travel back to San Cristobal with my brother.

My favorite subjects are English of course, Anatomy and biochemistry.

Here in Comitán I live with my brother Sebastian, my aunt Anna maria and my cousin Anelle, I like to spend time with them because we are always telling jokes and teasing each other.

I don't have a lot of hobbies but I like to read and listen to music.

I don't have a favorite genre of music, I listen to everything, but right now I'm very into Kpop and reggae, my favorite band are stray kids !you should listen to them! they have really good songs.

So this is everything I have to tell in this post, see you later. bye
