My day

I usually get up at 5:45 in the morning , then I cook my snack, at 7:30 I leave my house to go to the university and come in at 8:00 o'clock , I take my first class, I usually eat my snack at 10:00 o'clock, and 10:40 at to 2:00 o'clock I take 3 more courses, then I leave the university, I get home at 3:00 pm to eat. If I have work I do it until I finish, sometimes I stop working until 12:00 pm, sometimes I go to my brother and sister-in-law's house to play ball, bicycle with my nephews, pablo plays ball with we,he is friend of my nephews we go for a walk and cook or have something to snack, My brother works and arrives at 6:00 pm, at 6:00 pm I go home have dinner and prepare my homework for the next day, I read a little and at 10:00 pm I'm already sleepy. Some weekends I visit my parents. My dad works in democracy and my mom works at home. I usually cook dinner for my family. They make my family beautiful. And so the day goes by, thank God who always takes care of us and gives us a new day.
