1. The nutriologist can maintain adequate nutrition in her patient, can self-analyze to lose weight and can control chronic diseases, but can't offer her consultation very cheaply, can't advertise her practice with the concept of "clinical Nutrition", and can't make jokes about a person's weight.
2. The baker can make recipes that are good, can have her own business, and can sell the bread she makes, but can't make recipe wrong, can't sabotage someone else's recipe and can't burn bread to sell.
3. The librarian can sort the books, can remain silent, and can help a person find a book, but can't make too much noise, can't disrespect people by reading and can't clutter or hide books.
4. The firefighter can rescue people, can put out a fire in a building and can work in a fire station, but can't hit those rescued from a fire, can't disrespect his superior and can't stand by and watch a fire if help is needed.
5. The painter can prepare the paint, can use other materials such as paper, pencil, etc., can create cool paintings, but can't ruin a painting for a client, can't stop preparing the surface he is going to paint and can't fail to correct the imperfections of the place where he will work.
