# VERB CAN

## HOW TO USE

It is especially used to talk about skill or ability. In general, the verb 'can' is a modal verb, and we can find it before a main verb that will always be in the infinitive. Meaning of the verb 'can' is to be able or have the ability to.

## AFFIRMATIVE

To form the affirmative we use the modal verb followed by another verb without the preposition 'to'. Affirmative sentences: Subject + can + verb (infinitive).

## NEGATIVE

The negative form of 'can' is 'can't' (the most frequent) or 'cannot' (for situations in which we want to give special emphasis, or if we are angry).

## INTERROGATIVE

It is used in questions or statements next to the subject: can + sujeto + verbo (infinitive). The interrogative form is constructed differently if the verb is auxiliary (be, have, will, can) or if this is an 'ordinary' verb.
