

# My dream house

My name is Angie and this is my dream house, this has two floors, in the first floor have a kitchen, a dining room, living room, laundry room and garage.

Outside have a garden with beautiful flowers and plants.

In the second floor I have two bedrooms, a study room, two bathrooms and the attic that has my toys, my pictures and my memories with my parents.

I'm cooking every day in the kitchen and watching the tv.

In my dream house I have a dog, my bedroom has a bed, a lamp, a bookcase I love to read and I have two beautiful pictures, in the shelf I have books. My favorite books are romance and horror stories.
