daily routine

I have an already established routine I get up at 6:30 in the morning then I take a shower and brush my teeth among other personal hygiene things then I get ready to go to school since my classes start at 8:00 in the morning so I try to be 20 minutes before classes to be able to be on time after classes I return to my house and eat with my family after lunch I rest for an hour and I take a bath and get ready to go to the gym, I regularly go to the gym at 6:00 in the afternoon so coming back from the gym I see my boyfriend for a while I also have dinner with him then I do homework I take a bath and fall asleep at about 12

And everything already mentioned is a routine during the week what it means that it is from Monday to Friday, on Saturdays is like a day off since I do not have as such a schedule to get up, if I do activities but I don't have well because to the routine instead on Sunday I still get up on class schedule since I have to take my English classes which start at 8:00 in the morning and I really like to have the routine already defined and I don't like to break it or not comply with it

travel planer guide

My friend will make a trip to Cancun so these are my recommendations

I think she should hire a guide to give her a Tour of the beaches and also through the city so you don't miss anything since Cancun is a very beautiful city she should go to the water parks but she should also go out at night for example to a park go for a few drinks and take a lot of photos
