# inglés

## daily routine

I get up every day at 5 in the morning so I can go to soccer training at the UDS training center. After training, I return to my house to take a bath and get ready for school. At 8:30 I'm at school. school finishing school I go to eat with my family and go to the gym and basically that is my routine from Monday to Friday since on Saturdays I don't have a defined time to get up and on the other hand on Sundays I do get up early since I have extra classes

# *inglés* travel planer guide

My friend from Spain is going on vacation to Mexico so I recommend that he tour the city and try the gastronomy, also visit the natural areas and also have fun with the attractions in the city.
