# DREAM HOME

Hello, my name is JAZMIN and my dream house would be as follows.

It would be a large two-story house with a glass balcony in front of the house and a garden to decorate on dates such as Day of the Dead, Christmas, etc. and with large windows so that light can enter the house and the color of my house would be white, in the same way I would like to have a large kitchen to be able to cook desserts that I like and my house will have three bedrooms and the largest would be for me it would have its own bathroom and its own large closet for all my clothes and shoes. And I would also have a guest room downstairs and I would like a large living room with BIG WHITE armchairs and a glass table, the upstairs rooms would be for when I already have my own family. an area to wash clothes and our parking for our cars
