## THE BEST THING I HAVE EVER DONE!

- Food: The best food you have ever tried

The best food I have ever eaten is the red chilaquiles that my mom makes.

- Places: The best place you have ever been to

The best place I've ever been to is Puerto Arista, maybe it's not the best, but I was with my whole family, in front of beautiful sunsets.

- People: The best person you have ever met

The best person I have ever had will always be my family, my parents and my sister, they have always been there for me.

- Shopping: The best purchase you have ever done

The best purchase, perhaps, would be all the clothes I have bought.
