The best meal I have ever had was here in Comitia with a lady who sells chalupas, that time she made pork bones and my dad bought two and I ate them with my family

Places: The best place you have ever been to

The best place I have traveled is in Mexico, I went with my parents and we visited the Basilica of Guadalupe, it was a great experience

People: The best person you have ever met

The best person I have ever known is my dad, he has always given me everything I have wanted, he has advised me and he is always with me.

Shopping: The best purchase you have ever done

The best purchase I have ever made was a book, I love reading and that book is very important because it was the first book I bought so it means a lot to me
