ALL ABOUT ME

My name is Naomi Moreno Garcia I'm 18 years old and born the 20th of April 2006. I was born in Brooklyn New York and currently living in Comitán Chiapas. I have five siblings their names are Abigail, Samuel, and Evelyn. I had a lot of difficulties when coming to Mexico and adapting because I didn't understand the language very well, I didn't know how to read or write. Fortunately, I was able to adapt quickly in a year, and do things that I couldn't do before, such as writing and reading. I am very proud to be fluent in Spanish today. That's one of the qualities I have.

My favorite animals are dogs, hamsters, bunnies, pandas, red pandas, and seals. When I was around eleven years old, I was fortunate to have a violin, to be honest I was extremely happy, I really loved my instrument though I only new the basics, there for the violin is my favorite instrument. I have a best friend which I really admire and appreciate, his name is Danyel and he is from Queretaro. My goal in life is to be able to have a good job and do what I love which is why I chose Graphic Design because I feel like it's something I would enjoy doing. I'm ambitious, kind, responsible, positive person, introvert, Friendly, understanding, truthful, and sympathetic.
