Switzerland is a country very beautiful and pacific, it country have with a natural very cute and peaceful but like is the life of the swiss in a everyday day and like is his culture

The alphorn was for a long time an instrument of shepherds. It was used to call the cows from the pasture to the the stable when it was time to milk.

is the conemoration in the fight of the troops of the flag its inpirate in the cruz roja because

From Geneva to Zurich, from Locarno to Basel, from St. Gallen to Freiburg, there is a lot of dancing and in many ways: classical or contemporary, flamenco or hip hop, oriental or minimalist, and not only in modern theaters or neoclassical opera houses, but also in factories, barns or outdoor settings.

The cow is part of Swiss history and local traditions, and has even become one of the country's ambassadors.

Some typical Swiss dishes such as fondue or raclette are usually eaten more in winter. Other national dishes such as muesli – in Switzerland known as Bircher muesli – or rösti are eaten at any time of the year and are prepared in many variations.

Swiss dance does not have a long tradition, but it has diversified over time until it reaches what it is today. The main impulse comes from Monte Verità, in Ticino, where an alternative colony of artists eager to free themselves from all conventions and seek new forms of art and life was created at the beginning of the 20th century.
