DESCRIBING. WHAT IS HAPPENING?

Hello teacher, in this image I am with my entire family, my mother, my father and my sisters.

My mother had a red suit, my dad had a white shirt and pants, my sister Hannia wears a very elegant long beige dress, my other sister Karime also wears a beige but short dress and I wear a pink dress short.

On the day of the photography, we were in Tuxtla because we had a family party, the party started at one o'clock and we left at half past five, we are posing very happy, we don't have many photos all together.

We were eating and dancing all afternoon, my dad and I really like to dance, while my sisters were playing with our cousin in the garden.
