Korea Del Sur.

History

South Korea was established as an independent state after World War II in (1945).

The Korean War (1950-1953) divided the peninsula into two and left deep scars on society.

Since then it has experienced rapid economic growth known as the "Miracle on the Han River," becoming one of the largest economies in the World.

THE FLAG

Food

Korean cuisine is varied and rich in flavors.

Kimchi, which is fermented cabbage with spices, is an essential side dish in almost every meal. Other notable dishes include tteokbokki (spicy rice cake) samgyeopsal (grilled pork belly), and jjigae (stew).

Culture

K-pop: Korean pop music has conquered the World, with groups that are popular not only in Asia but also in Europe and America. Elaborate choreographies and eye-catching music videos are part of its appeal.

Film and Television: Korean dramas (K-Dramas) have gained enormous popularity, with titles like "Descendants of the Sun" and "Squid Game". South Korean cinema has also received international recognition, specially after winning the Oscar for Best Picture with "Parasite".

Language

The official language of south Korea is Korean which is written in a system called Hangul. This system was created in the 15th century and is known for its simplicity and efficiency. Korean has a unique grammar and vocabulary that includes influences from Chinese and, to a lesser extent, from English.

Sports

The professional soccer league, known as the K league, has grown in popularity and has produced talented players who have succeeded at both national and international levels. In addition to soccer, baseball also has a large fan base. Another sport that has gained popularity is taekwondo, wich originated in Korean.
