My name is Karina, I am originally from Nuevo San Juan Chamula. I have a liking for anime. One of my favorite characters is Rengoku

, who is the Flame Hashira. In my family, it's just my mom, my aunt, and my little sister. I like spending time with the animals we have.

My cat is gray, and he is very playful. In my hometown, we grow coffee and pineapple, and making chocolate with pure cacao is one of our traditions. My mother is very hardworking; she has her own land. We are only women, and we are very happy to achieve our goals.
