Thursday, 23rd January 2025

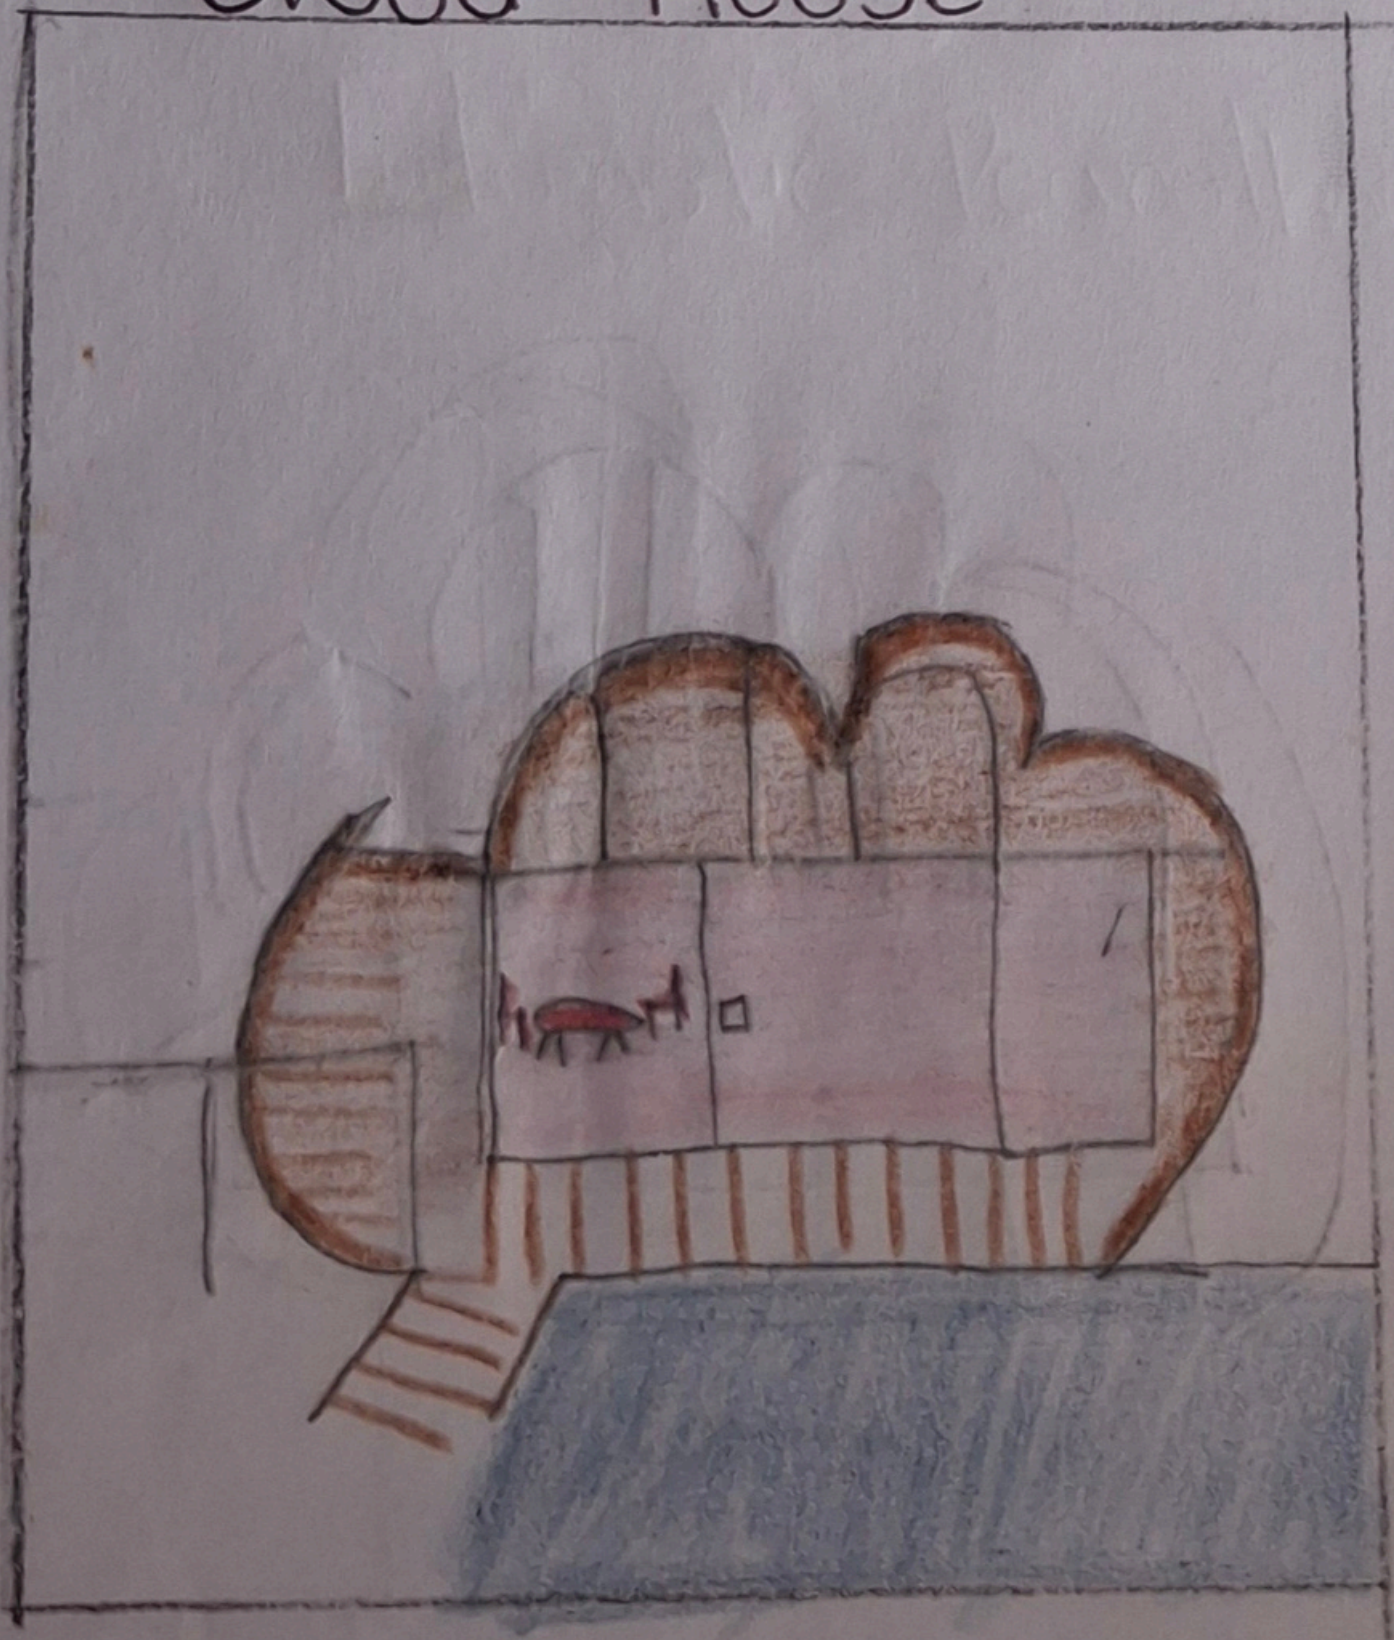

"Rocky Palace"

This is house made in the shape of train cars, it has twelve square glass windows, it has five square sliding glass windows and each one has a balcony.

It was built by a Chinese called "Rocky palace" on the roof of a Forest of Flats.

"cloud House"

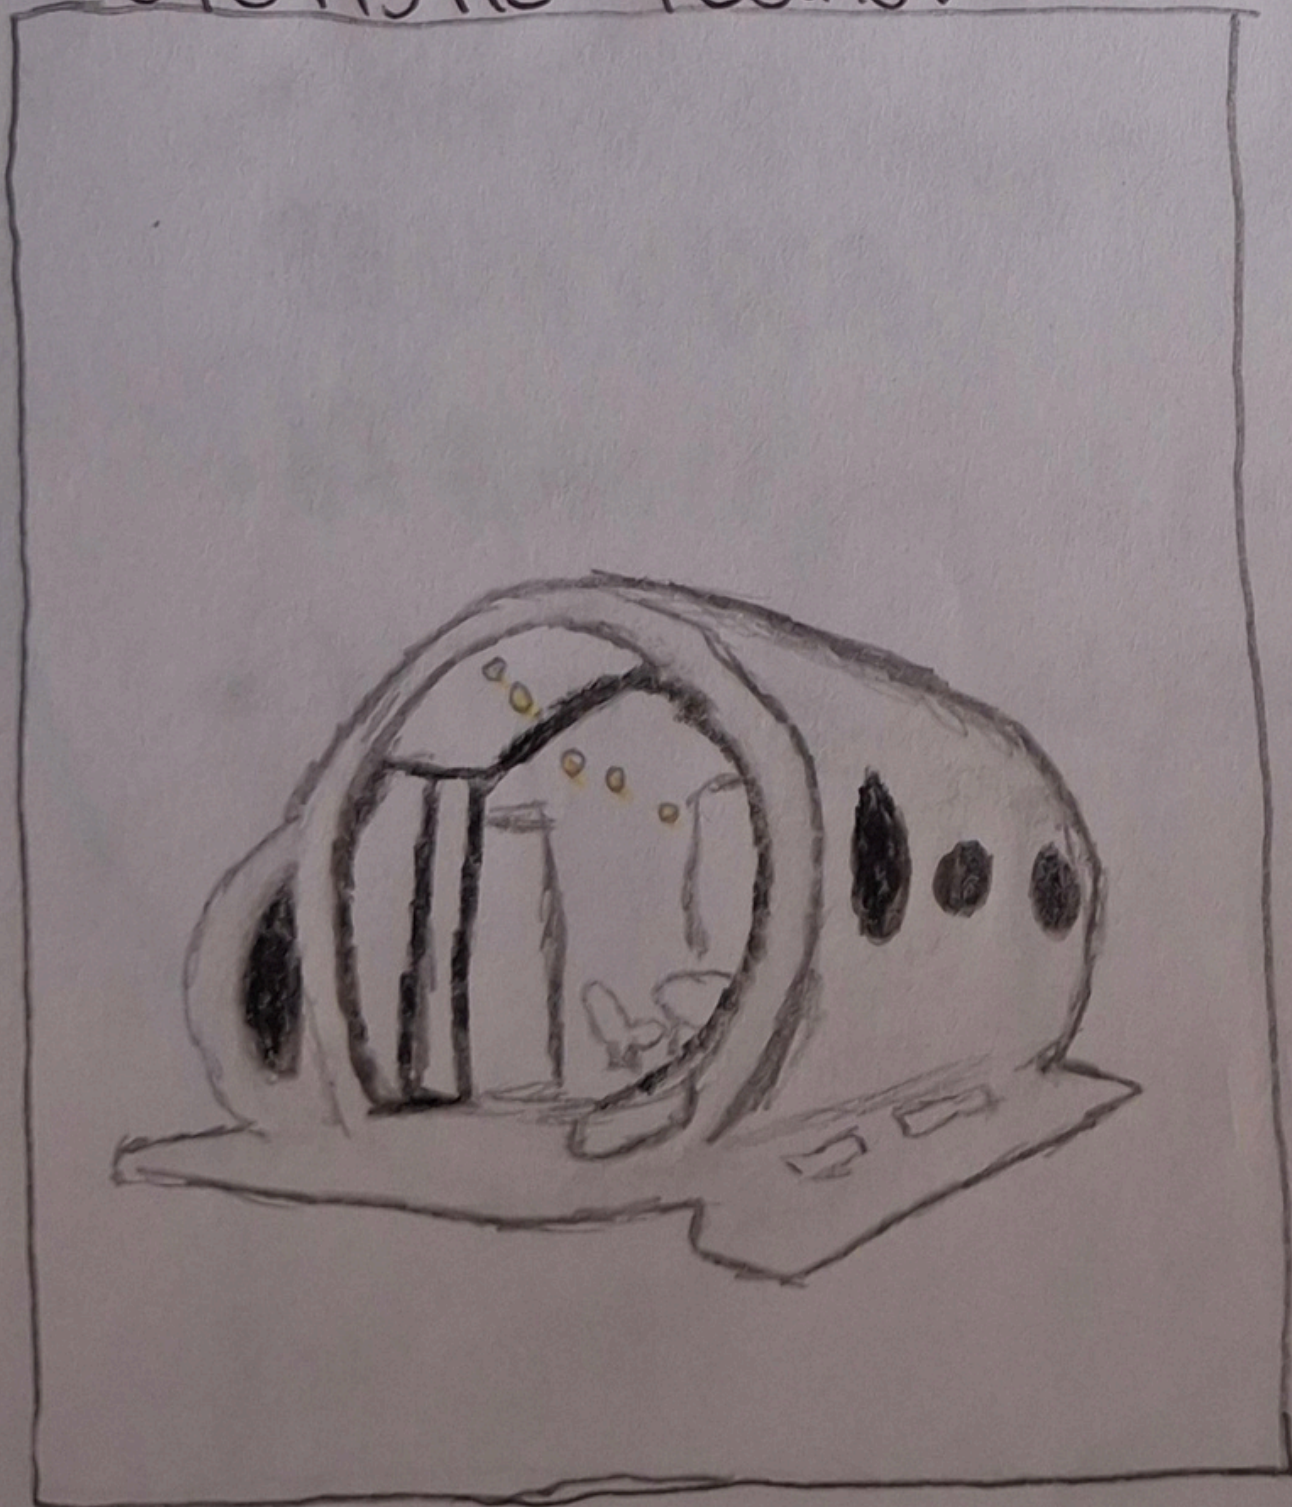

The house looks elegant, but it has something that makes it unusual like its oval shape on the sides and top, it has a large sliding door, its floor is made of wood as well as everything around it and inside it looks its dining room next to living room, and at the entrance it has a large pool.
Made in Melbourne Australia

"Blue sphere mini house"

It is a very unusual house, it is shaped like a blue mushroom, it has a large sliding glass door, inside is the living room along with the dining room and through the hole there are two stairs.

Futuristic Peanut house Design.

This house has the shape of a white lying cylinder, it has an elegant but unusual shape, in the entrance part on the sides it has a mirror, inside you can see its dining room, on the outside it has three round windows.
