Name:

Brandon Trinidad Sanchez

Bachelor's degree in nutrition
2nd. quarter

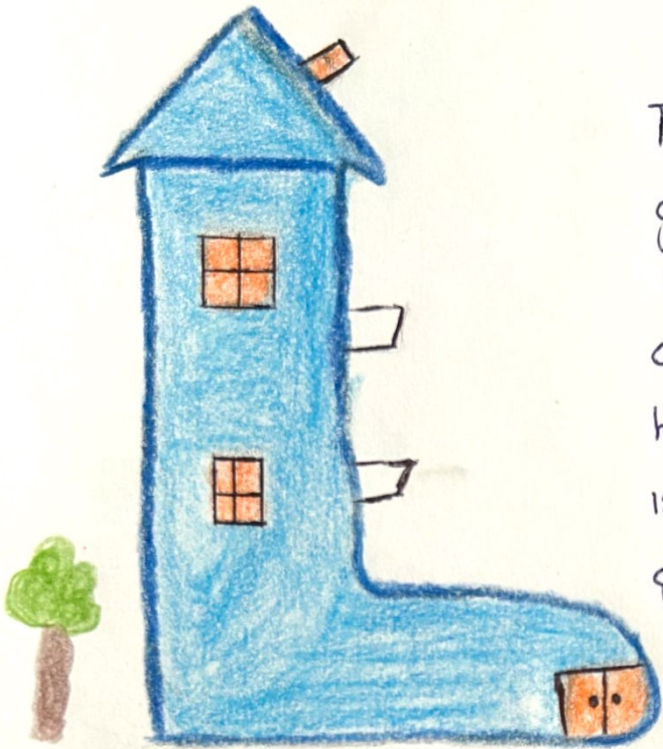

Subject
English II

Adviser:

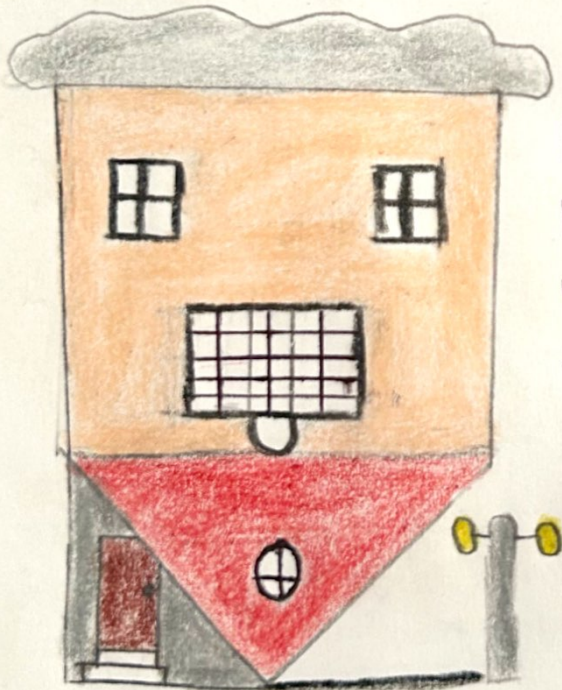

Edoardo E. Arreola Jimenez

Delivery day:

Thursday January 25.

That's a house in the shape of a giant blue boat with orange windows, it is located in a wooded environment and has two floors, the upper floor has a small balcony, the house is blue and has a rather peculiar and striking design.

It's a very different head house from the others with three windows above and one next to the door, it's melon with red.

It's a very interesting yellow tree house with two windows and an orange roof.

That's a creative and fun image of a house that seems to be made of giant green apple, the house - block, has two windows with white shutters and a brown wooden door at the bottom.
