"Casa Perro"

Dog House

"Dog Bark Inn" is a dog-shaped house located in cottonwood, a town of 900 people in Idaho United States. The building measures 9 meters and has a Canine shaped statue named "Toby". Its owners are Dennis Sullivan and Francis Conklin, two artists specializing in wooden sculptures.

It has two rooms, one in the belly and the other in the dog's head. The bathroom is located at the rear and also has a visitor center, the owners' study and a gift shop. The space is for four people, including their canine pets.

Upside down house

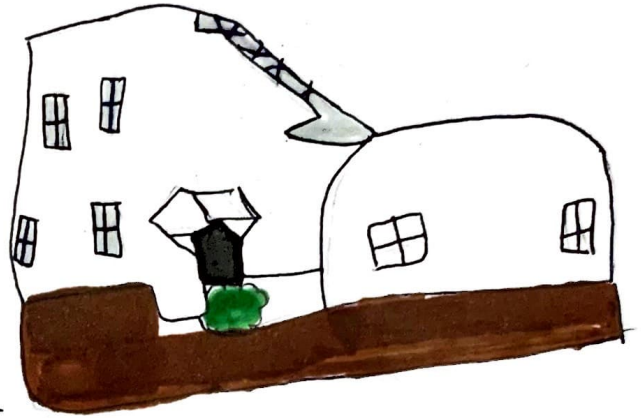

On September 4, 2008, Polish architects and partners Klaudiusz Gólos and Sebastian Mikiciuk designed the home. Blue house, it has two doors, it has five windows

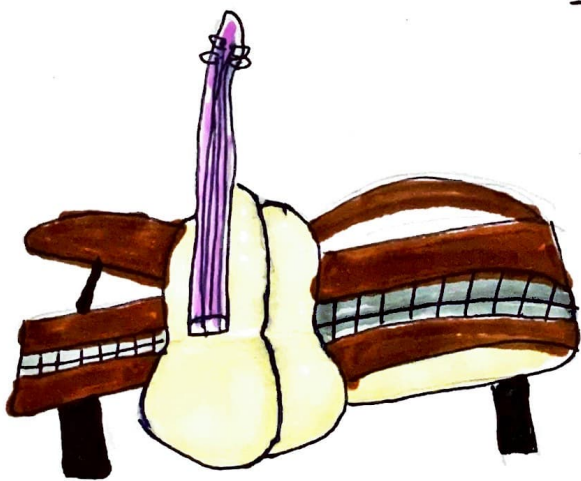

Shoe house.

The shoe-shaped house was built in 1998 in the state of Pennsylvania, United States, at the request of a shoemaker. This unique building, which measures more than 7 meters high

It consists of three bedrooms, a kitchen and a kitchen room, distributed over five different levels.

Piano house

This construction is found in China and has two very different parts: the Piano and the violin. On the Piano we find offices, meeting rooms, exhibition halls, concerts and rehearsals, while on the Violin we find the entrance to the building and the stairs to access the other parts of the building.

Outside, the legs of the piano house created areas so that those who want to can relax and have a pleasant time.

At night small lights light up around the violin and piano.
