A day to remember

My name is Maria Adriana but can you tell me Adri.... In July of last year I graduated from high school, I was very nervous while I was getting ready.

I enjoyed the process for that day a lot, I went with my parents to the graduation ceremony, Arriving we were received in a very special way, I couldn't believe that I was finishing one more goal.

I had the opportunity to give the farewell words, I saw my friends for the last time And I knew I wouldn't see them again for long. We took pictures and we only had to wish each other the best, We returned home, me with some nostalgia while mom and dad hugged me My mom prepared a dinner for the occasion, which made me happy, my sister gave me a gift, there was no way I could feel more loved by my family, I finished one more goal and I am very satisfied with the results I had studying.

Gave way to one more project. I was able to realize my abilities and all that I can achieve Studying, striving and giving the best of my.

I know how much it cost me, my parents, to have achieved it, but I still have a long way to go and I know that everything will be fine
