## MY DREAM HOUSE

My dream house would be a place where I would live happily with my family. It would be large with two rooms. My house would also be a wonderful place decorated with beautiful paintings. My dream house would have a pool, a back yard, a small kitchen and a very nice living room. There are many things I would like to have in my house including a balcony, big bathrooms or a library. I would like to have big queen-size beds in both rooms and a very soft rug underneath, as well as lamps beside the beds.

One of the most important things I would like to have in this house is very big windows because I like it when I'm able to look outside and see nature. Finally, I want this house to be welcoming and cozy when entering it.
