THE DREAM HOUSE

My dream house is big and modern, with two floors. There is a spacious living room with a comfortable sofa, a coffee table, and a big TV. There is a very large kitchen with a luxurious counter next to it, white cabinets, a large refrigerator, and a dining table with six chairs.

There are three bedrooms. In the master bedroom, there is a king-size bed, a spacious closet, a work desk, and a large bathroom. In the second bedroom, there is a bunk bed, a desk for work, a medium-sized closet, and its own bathroom. In the third bedroom, there is a guest room with a bed, a bathroom, and a small closet.

Outside, there is a garage, a large garden, a swimming pool, a table, and chairs.
