## CONVERSATION

**Nurse:** Hello, Doctor (13). How are you today?

**Doctor:** Hello, nurse. I'm fine, thank you. How is your shift going?

**Nurse:** It's going well. There are several patients in observation. How many patients do you have on your list?

**Doctor :** I have five patients. One of them needs a complete check-up. Who is the patient in bed 2?

**Nurse:** It's Mr. Garcia. He has had a cough and fever for three days.

**Doctor:** Have you done any tests on him?

**Nurse:** Yes, I did a blood test this morning. The results will be ready in an hour.

**Doctor:** Perfect. And what about the patient in the wheelchair? What is wrong with him?

**Nurse:** He has slight inflammation in his leg and complains of pain when walking.

**Doctor:** Very well. I need you to give him pain medication. When is his next physiotherapy appointment?

**Nurse:** At three o'clock, as always.

**Doctor:** Thank you for your help. If you need anything, let me know.
