My dream house

My house in dream would be big two floors high, as in the picture there are two floors high and very nice and far from the city, there is a great variety of large windows and in the kitchen it is spacious and nice, there are chairs, and table, and refrigerator, there is a large window and a beautiful curtain , There is a room on the first floor with bathroom included, and a very nice staircase upstairs on the second floor there are two more rooms with bathroom included and large closet. in the corridors there are paintings and photos, book estates and there are cats in the living room, with TV and large furniture to accommodate comfortably, around the house would be very nice with my animals like a horse, sheep, there are dogs taking care of, there is a trot and cars in front of the house and porton with my very beautiful this would be my house In a Dream
