## MY DREAM HOUSE

In my dream house, there is a spacious living room with five armchairs and a light gray carpet. There are four large windows and many plants under a staircase leading to the second floor. On the second floor, there is a large bedroom with three glass windows and a desk on one side. In the reception area, there is an artificial fireplace and two decorations on the walls. Outside, there is a pool with two sunbeds on the sides and windows that look out to the back of the house. In the backyard, there is nothing, and in front, there is only a concrete platform.
