This is my house, it has a large garden where all my pets are (chickens, dogs, cats and ducks)

I have my blue car in the garage.

That's my kitchen, my cupboard is red, that's my refrigerator and my stove.

In the living room there are white sofas.

There is a lamp, there is a television and there is a window.

In the bedroom there is a clock, there is a bookcase with some books on veterinary medicine, there are two rugs and there is a lamp.

The bathroom is very small but there are two mirrors, the toilet and the shower.

I have an attic where there are some boxes with things that we don't use.
