## PROFESSIONAL PROFILE

I am a person who loves learning, enjoys challenges, and learns from each experience. In five years, I will be working as a nurse in a hospital and continuing my education to specialize in surgical nursing. In six or seven years, I will be studying medicine to further expand my knowledge and skills in healthcare.

## WORK EXPERIENCE

I worked as a nursing assistant at the health center in my city as part of my social service.

## EDUCATION

I study for a bachelor's degree in  
Nursing.

2025 - currently

I have a wound bandaging course.

I studied at CONALEP.

## SKILLS AND EXPERIENCIES

- I am good at taking vital signs.
- I am good at working in a team.
- I have experience in providing psychological treatment for patients.
- I have experience in wound bandaging.
- I am a good leader.
