

I studying in the university because when I finish my university, I will want to help all the people sick.

Currently my educational level is the university I'm in second semester, I was in some courses about nursing, I was working in coffee when I had 15 years and I stop to work there when I was 19 years old for example I have experience in sales and I am good at the kitchen, My native language is Spanish but when I was in High school, I had English classes and my cousin speak English because he is born in USA and he teach me.

I like so much playing basketball with my brother and my cousins too, we love so much to climb the mountain and sometimes we have a picnic.
