Título del ensayo: "DISCOVERING MY CITY OR A SPECIAL PLACE"

The place is a very nice place, there is a very large beach, many places to visit with very well located and large hotels, it is a place that is located in the north of Mexico to be exact in Mazatlan, Sinaloa

b) this place has a large boardwalk that is next to the beach and the beach is in the north of Mazatlan, it is a very iconic place and very special for those from Sinaloa

it has an area known as the golden zone, it is 25 minutes from the city center near the boardwalk on Avenida Del Mar and Avenida Camaron Sábalo

c) in Mazatlan you can get around by bicycle, RZR, car or if you prefer you can rent a small cart like the golf carts called pneumonia. And if you want to be on the beach driving you can rent a quad bike. And if you want to be at sea you can rent a yacht or boats.

d) ¿How can I get to the city square ?

you leave the hotel, the villa, public transportation passes right there

¿Where can I get off ?

Arriving at 3rd Avenue on 4th Street, you ask for your stop and walk one more block

¿Where is a cafe near the hotel ?

You leave your hotel and half a block to the right there is a cafeteria

e) Mazatlan I highly recommend it since it is a very beautiful place where apart from its amazing beach it also has other attractions where you can have fun and you can also have a vacation where you will be distracted from your daily life and there you can also live with your family.
