

My Autobiography

My name is Antulio Merida, but I like to be called Antu. I'm 16 years old and I live in Comitan, Chiapas. I'm a friendly and very social person, and I have a lot of friends.

Routine

I wake up at 5:30 am. I shower and prepare my breakfast. Then I catch the bus and head to school. In the afternoon, I go to the gym and sleep in late, around 2 am.

Hobbies

My favorite hobbies are listening to music and going to parties. I really like Fuerza Regida and also soccer. And I don't like going to school.

Personality and Abilities

I consider myself an educated person, but a bit annoying. I don't like English, even though people tell me it's very important, I just don't really like it. I'd like to read more, but I know I'd get bored
