YEARS

HOW TO SAY THE YEAR

They are usually divided into two halves:

- 1984 = nineteen eighty four (19 / 84)
- 1066 = ten sixty six (10 / 66)
- 1999 = nineteen ninety nine (19 / 99)

However, this changes with the year 2000, which is read two thousand, and the following years:

- 2001 = two thousand and one
- 2002 = two thousand and two
- 2003 = two thousand and three

Until we get to 2010 which can be said either way: two thousand and ten or twenty ten.

The same applies to:

- 2011 = two thousand and eleven or twenty eleven
- 2012 = two thousand and twelve or twenty twelve
- Up to 2019 = two thousand and nineteen or twenty nineteen.
