MY HISTORY AND MY PLANS

Last weekend I went downtown with my friends. It was very hot, but we still walked around for hours. We visited a few shops and bought some accessories. Later, we sat in the park and had ice cream while we talked about school. It was a fun day, and I really enjoyed it

This week, I have been working hard on my homework. I have already finished most of my assignments. I have also studied for my final exams and helped my younger brother with his science project.

Next week, I'm going to take a little break. I'm going to relax, watch some movies, and sleep more. I'll also start preparing for a new course I'm going to take online.
