## **My story and my plans.**

Last month I traveled to the beach with my family. We stayed in a beautiful hotel near the sea. While we were swimming in the ocean, it suddenly started to rain, but we kept enjoying the water. At night, we walked along the shore and watched the sunset. It was an amazing experience.

This week I have finished two important assignments for school. I have also cleaned my room because it was very messy. I have already called my best friend to plan something for the weekend.

Next week I'm going to start a new English course online. I will also visit my cousins because we haven't seen each other in a long time. On Sunday, I'm going to help my mom cook a special dinner for the whole family.
