I want to share a little bit about my daily routine. My day starts at 8 in the morning and ends at 10 or 11 at night, but I almost always have trouble going to sleep early because I'm on social media. My friend has been reminding me that I should be studying and reviewing my notes because my exams are coming up.

I also want to have vacation time so I can visit my family and enjoy the days with them. And if I have time, I'll visit my grandparents that weekend.

So if I put in the effort into school, I won't have any worries on my vacation.

Although I don't think I'll have enough time to do all the things I have planned with my family because I only have a few days off because I have to go back to work.
