ABRIL 2025

LIFE EVENTS

^{BIRTH}
I was born in Nuevo León,
Monterrey, on January 30, 2005.

HOSPITAL

SCHOOL

My first day at kindergarten was spectacular, because it was the first time I shared my time with people other than my family.

The birth of my niece Sofia on April 25, 2023, was the best because since she was born she was always with me and I love her so much.

HOSPITAL

UNIVERSITY

Entering university was the best thing about choosing my career, which I dreamed of for a long time and which today I am finally completing with great effort.

My Parents are the best and the best thing to be their daughter and future nurse.
