# **AN AIRPLANE PILOT**

**I want to be a pilot because since I was a child I have liked airplanes, how they work, how they are used very well, I like their type of armament, I like to see the clouds on trips, the whole sky, the cities at night full of light, traveling and getting to know many parts of the world, also being able to stay in hotels and visit countries and imagining that makes me want to be a great pilot.**

**A pilot worker requires the following characteristics:**

- High concentration and quick reflexes**
- Technical knowledge and discipline to master the vehicle**
- Must have very good physical and mental stamina**
- Must have spatial orientation**
- Very good vision**
- Mastery of instrument languages**
- Responsibility and teamwork**
- Prioritize safety and communicate well**

**He must also possess many skills, including:**

- A flight uniform**
- A flight jacket or coat**
- A pair of special aviation boots**
- An aeronautical watch**
- An aeronautical GPS**
- A portable fire extinguisher**
- A travel suitcase**

**The five best countries to work in this profession are:**

- United States**
- United Arab Emirates**
- China**
- Switzerland**
- Germany**
